Expectations of the new owner

Take your new pup to the veterinarian after receiving it for a health check up.

Continue socializing your puppy, which will be an ongoing process. Put maximum effort into bonding. If your intentions are to put this puppy in a kennel and only feed and occasionally work with this puppy, then please do both us both a favor and find another breed and kennel to get your puppy.

I require the new owner to be a licensed hunter

I request that you become a member of the Group North America of the Verein Deutsch Drahthaar.

I request that you test your puppy through the performance test to help me with my breeding program.

I expect the new owner to stay in contact with me so I can continue to evaluate my litters.

We want you and your pup to have great success and would like to hear from you.

Please call or E-mail me if you feel that you are having problems with your pup.

Please provide information to the following questions to help us determine which puppy will be right for you and your family. This is important as this pup should be with you and your family for the next 10 years or longer.
